# BYOD POLICY

2026-2027

Approved By	Principal
Signature	<i>Bhambharna</i>
Date of Review	March 2026
Next Review Date	March 2027

## **INTRODUCTION**

---

A "Bring Your Own Device" (BYOD) policy for schools allows students to bring their personal devices, such as laptops, tablets, and smartphones, to use for educational purposes. Implementing such a policy can enhance learning by integrating technology into the classroom, but it also requires careful planning and clear guidelines to ensure it is effective and secure. Below is a comprehensive BYOD policy framework:

## **PURPOSE**

---

The purpose of this Bring Your Own Device (BYOD) Policy is to outline the guidelines and responsibilities for students and staff who bring personal electronic devices to school. The policy aims to support educational activities while ensuring the security and proper use of these devices.

## **SCOPE**

---

This policy applies to all students, staff, and any individuals who bring personal electronic devices onto school premises.

## **RESPONSIBILITIES**

---

### **School Administration**

- ◆ Develop and maintain the BYOD Policy.
- ◆ Provide secure network access for personal devices.
- ◆ Offer guidance and training on the appropriate use of personal devices in an educational setting.
- ◆ Monitor and enforce compliance with the policy.

### **Staff**

- ◆ Integrate the use of personal devices into the curriculum where appropriate.
- ◆ Educate students on the responsible use of personal devices.
- ◆ Report any misuse or violations of the BYOD Policy to the school administration.
- ◆ Provide guidance on acceptable use of personal devices in the classroom.
- ◆ Monitor and support students in using their devices responsibly.
- ◆ Incorporate technology into lessons in a way that enhances learning

### **Students**

- ◆ Adhere to the BYOD Policy and follow guidelines set by teachers and the school.
- ◆ Ensure their personal devices are used responsibly and primarily for educational purposes during school hours.
- ◆ Secure their personal devices with passwords and protective cases.
- ◆ Report any technical issues or policy violations to a teacher or school administrator.

### **Parents/Guardians**

- ◆ Support and reinforce the responsible use of personal devices at school.
- ◆ Ensure their child's device is adequately protected with security software and appropriate settings.
- ◆ Understand that the school is not responsible for any loss, damage, or theft of personal devices.

---

**ACCEPTABLE USE**

---

- ◆ Personal devices should be used to support learning and educational activities.
- ◆ Devices must be used in a manner that respects the privacy and rights of others.
- ◆ Students must connect to the school's Wi-Fi network for internet access and refrain from using mobile data during school hours.

---

**UNACCEPTABLE USE**

---

- ◆ Using personal devices for non-educational activities during instructional time, such as gaming, social media, or streaming videos.
- ◆ Recording, photographing, or sharing images, videos, or audio without the consent of those being recorded.
- ◆ Accessing, sharing, or creating inappropriate content, including but not limited to pornography, hate speech, and violent material.
- ◆ Engaging in cyberbullying, harassment, or any form of online abuse.

---

**UNACCEPTABLE USE**

---

- ◆ Using personal devices for non-educational activities during instructional time, such as gaming, social media, or streaming videos.
- ◆ Recording, photographing, or sharing images, videos, or audio without the consent of those being recorded.
- ◆ Accessing, sharing, or creating inappropriate content, including but not limited to pornography, hate speech, and violent material.
- ◆ Engaging in cyberbullying, harassment, or any form of online abuse.

---

**SECURITY AND PRIVACY**

---

- ◆ Network Security: All personal devices must connect to the school's secure Wi-Fi network. Use of personal data plans is discouraged during school hours to ensure content filtering.
- ◆ Device Security: Students are responsible for securing their devices with passwords or other protective measures. The school is not responsible for lost, stolen, or damaged devices.
- ◆ Data Privacy: Students should not store sensitive personal information on their devices. The school reserves the right to monitor network activity to ensure compliance with school policies.
- ◆ Students must ensure their devices are protected with up-to-date antivirus software and strong passwords.
- ◆ Personal devices should not be left unattended or unsecured on school premises.
- ◆ Students and staff should not attempt to bypass the school's security systems or network filters.
- ◆ Personal data stored on the devices is the responsibility of the device owner; the school will not be held liable for any data loss.

---

**TECHNICAL SUPPORT**

---

- ◆ The school will not be responsible for technical support of personal devices beyond network connectivity.
- ◆ The school provides limited technical support for personal devices. Students and parents are primarily responsible for troubleshooting and maintaining their own devices.
- ◆ The school's IT department may offer basic assistance with connecting to the school network and accessing school resources.

---

**LIABILITY**

---

- ◆ The school is not liable for any loss, damage, or theft of personal devices brought to school.
- ◆ Students and parents should consider appropriate insurance coverage for personal devices.

---

**ENFORCEMENT**

---

- ◆ Violations of the BYOD Policy will result in appropriate disciplinary action, which may include loss of BYOD privileges, detention, suspension, or other consequences as determined by the school administration.
- ◆ Repeated offenses may lead to a review of the student's ability to participate in the BYOD program.

---

**TRAINING AND EDUCATION**

---

- ◆ The school will provide information sessions for students and parents on the safe and responsible use of personal devices.
- ◆ Teachers will receive training on integrating personal devices into their teaching practices effectively.

---

**MONITORING AND REVIEW**

---

- ◆ The BYOD Policy will be reviewed annually to ensure it remains relevant and effective.
- ◆ Feedback from staff, students, and parents will be considered in the review process to improve the policy continually.
- ◆ By adhering to this BYOD Policy, we aim to enhance learning opportunities while maintaining a secure and productive educational environment.

---

**PROHIBITED ACTIONS**

---

- ◆ Inappropriate Content: Accessing, displaying, or sharing inappropriate or unauthorized content is strictly prohibited.
- ◆ Disruption: Use of personal devices should not disrupt the learning environment. Devices must be set to silent mode during instructional time.
- ◆ Unauthorized Access: Students may not use their devices to access or attempt to access school records, other students' work, or restricted information.

---

**CONSEQUENCES FOR POLICY VIOLATIONS**

---

- ◆ First Offense: Verbal warning and reminder of the BYOD policy.
- ◆ Second Offense: Temporary confiscation of the device and notification to parents.
- ◆ Third Offense: Revocation of BYOD privileges for a specified period and a meeting with parents.

---

**REVIEW AND EVALUATION**

---

- ◆ This BYOD policy will be reviewed annually by the school administration to ensure it meets the evolving needs of the educational environment and technological advancements.
- ◆ Feedback from students, parents, and staff will be considered during the review process.

---

**AGREEMENT**

---

Students and parents must sign a BYOD Agreement form acknowledging they have read, understood, and agree to abide by this policy.

## **CONCLUSION**

---

A BYOD policy can significantly enhance the educational experience by integrating technology into daily learning. However, it requires clear guidelines and responsibilities to ensure it is used effectively and securely. By following this framework, schools can create a productive and safe environment for both students and staff.
